HIGH DENSITY FOAM BLOCKS

SKU HDPFB - 1008 / UPC BARCODE 795847514635

PRODUCT OVERVIEW

- ➔ High-Density Foam Blocks are engineered to protect furniture and flooring during cleaning, restoration, and remediation tasks without breaking down under pressure.
- ➔ Built from rugged, high-density polystyrene that delivers stable elevation and resists crumbling, flaking, or compressing under heavy loads.
- ➔ Provide a moisture-resistant lift that prevents water transfer and surface damage
- ➔ Supplied in pre-cut sheets totaling 1008 blocks, allowing fast detachment, quick deployment, and efficient jobsite workflow.
- ➔ Sized at 2" x 2" x 1", offering compact, clean handling for discreet placement under furniture legs, corners, or equipment bases.
